

“CPTM SERVICES”

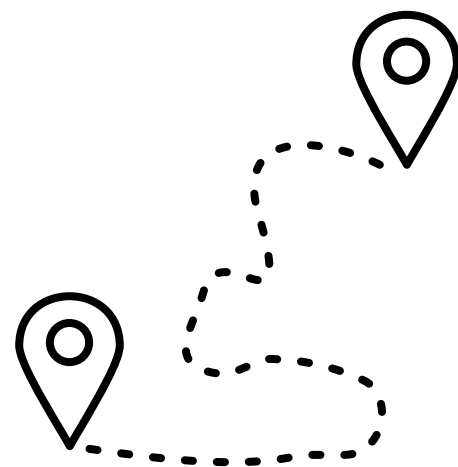

**Excellence and Innovation in Rail Transport
Urban Mobility and Development of New Businesses**

BACKGROUND INFORMATION

57 STATIONS

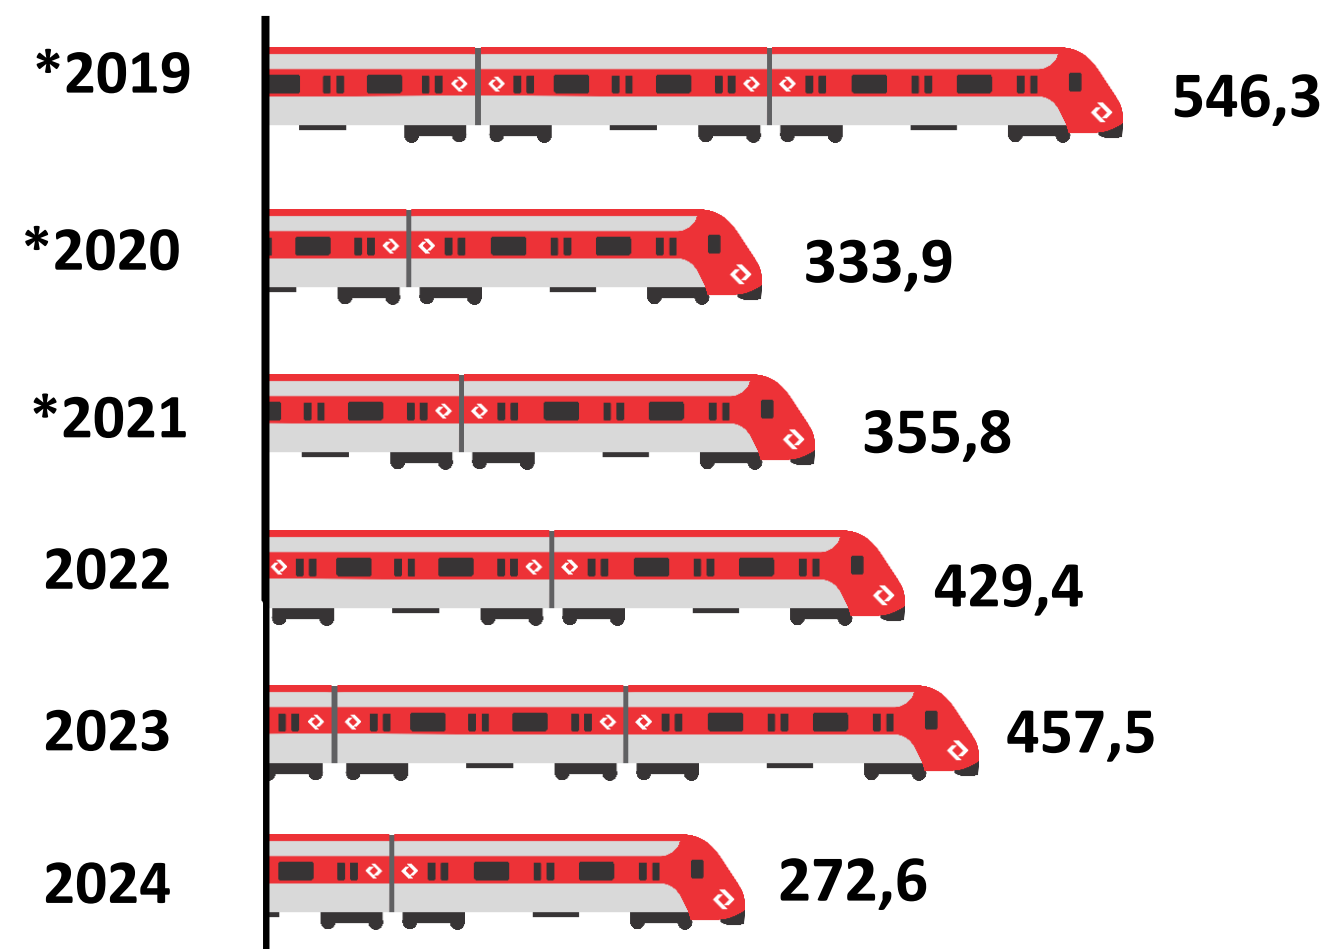

196 KM OF TRACKS

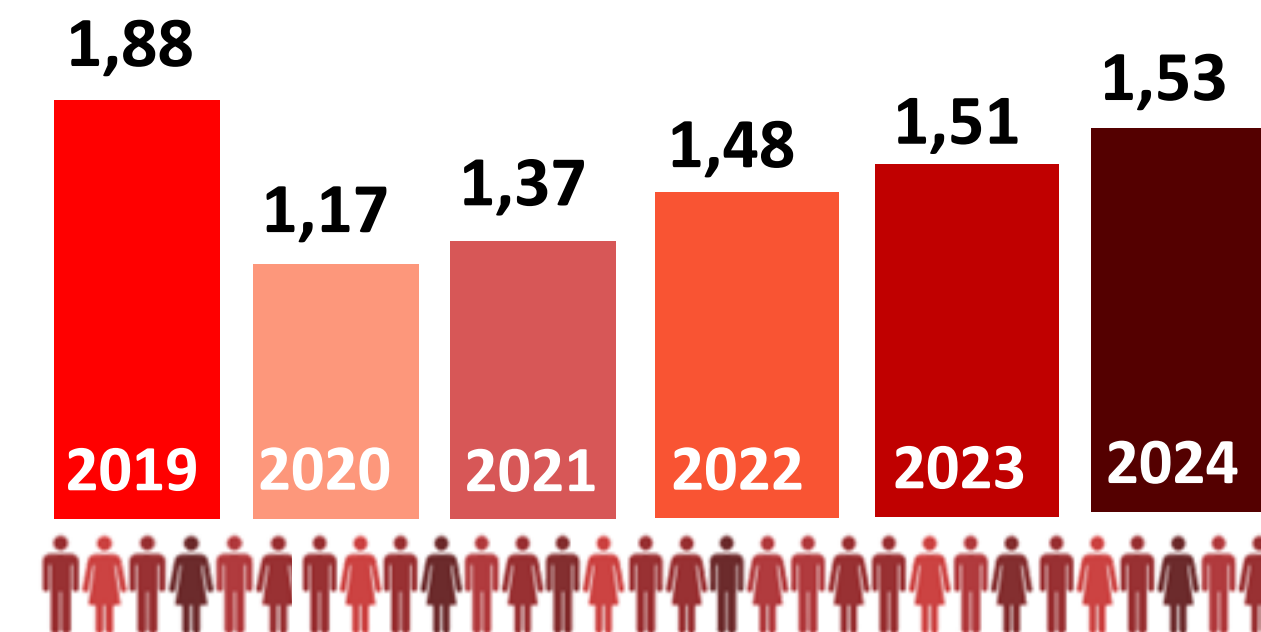

18 MUNICIPALITIES

Daily ridership

Number in millions of passengers

Daily average (mi)

Source: CPTM (July/2024)

INFRAESTRUCTURE

**57 stations
across 5 lines**

75 elevators

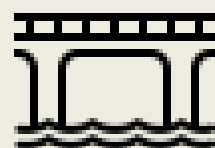

490 turnstiles

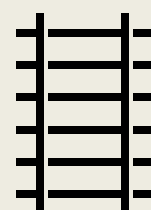

153 escalators

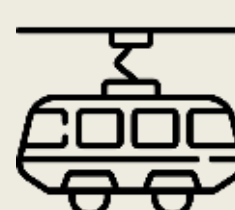

**134 operational
trains**

**48 bridges and
29 viaducts**

196 km of tracks

**495 km of
overhead catenary**

**5 tunnels totaling
3,8km**

**20 electrical
substations**

SERVIÇOS

In 2023, through the CPTM's New Business Unit, the CPTM SERVIÇOS Program was established with the objective of offering service provision based on the expertise built by the Company throughout its history.

RAIL MAINTENANCE MACHINES

TRACK TAMPING AND LEVELING MACHINE

Application: Permanent Way.

Manufacturer: Plasser&Theurer.

Track gauge: 1600mm.

Performance up to 800m/h.

RAIL INSPECTION CAR

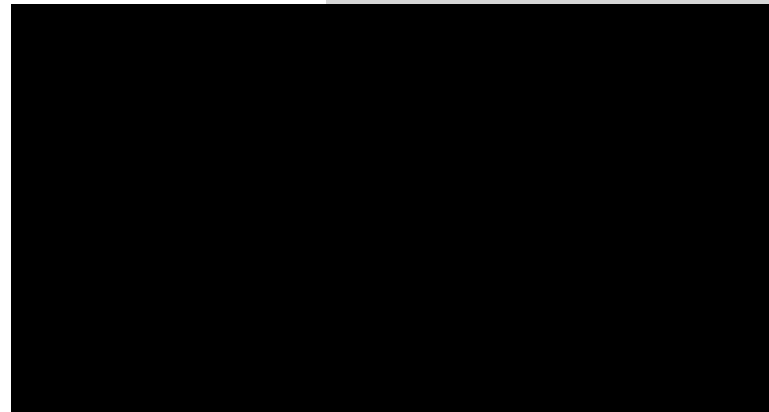

Aplication: Ultrasonic testing of rails and recording and monitoring of geometric and physical parameters of permanent way and overhead network systems.

Manufacturer: Plasser&Theurer.

Track gauge: 1600mm.

MACHINERY INVENTORY

Attachment I

MACHINERY INVENTORY

6 - ALINHADORA E NIVELADORA DE AMV (SACP-03)

Dados:

Aplicação.....Socaria de AMV
Fabricante.....Plasser & Theurer
Modelo.....08-275 3S
Ano de Fabricação.....2009
Número de série.....1335
Prefixo CPTM.....SACP-3
Bitola.....1600mm
Tara.....69t

Dimensões:

Altura.....3900mm
Comprimento.....21500mm
Largura.....3080mm

Motor:

Marca.....Caterpillar
Modelo.....C-15 ACERT
Potência.....328kW / 2100rpm

Transmissão:

Marcha.....Câmbio ZT
Trabalho.....Hidraulica

Velocidade Máxima:

Autopropelida.....80Km/h
Rebocada.....40Km/h

Sistema de Frenagem:

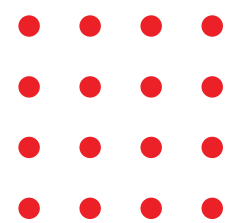

Trabalho: Pneumático, com uma sapata por roda

Estacionamento: Mecânico, acionado por alavanca e corrente

Acessórios:

Ar condicionado e aquecimento de ar, régua de medição de bitola e superelevação, computador, equipado com sistema ALC (Automatic Guiding Computer), eixos articulados, sistema homem morto – SIFA, datalogger.
